

# Mapping and Analysis of Marsh Dieback and Residential Piers in Coastal Georgia

**Contact Name(s):** Karen Payne

**Contact Affiliation/Info:** Univ of Georgia Marine Extension Service

**Participating Investigators/Affiliation:** Bob Williams, Univ of Georgia Marine Extension Service

**Study Initiated:** not yet

**Anticipated Completion Date:**

**Study Site Location(s):** Coastal Georgia

**Keywords:** Mapping, Remote sensing, *Spartina*, photography

**Project Type:**

**Project Outline:**

**Specific Aims:** Mapping dieback and docks

**Methodology:** Remote sensing

**Results to Date**

**Lessons Learned**

**Publications, reports, or web-accessible materials**
